ANP Accounts

Household expense diary – simple user guide

mrugrajsinh.github.io/ANP-Accounts

1 Add the app to your phone
2 Create an account and sign in
3 Understand the main screen
4 Add a new purchase
5 Paid now or on credit
6 Photo, notes and Save
7 Pay off a credit
8 Dashboard and Excel report
9 For the admin only

1 Add the app to your phone

Do this only once, the first time

iPhone

1. Open the link above in **Safari** (not Chrome).
2. Tap the **Share** button at the bottom (square with an arrow).
3. Scroll down a little and choose **Add to Home Screen**.
4. Tap **Add** at the top right.

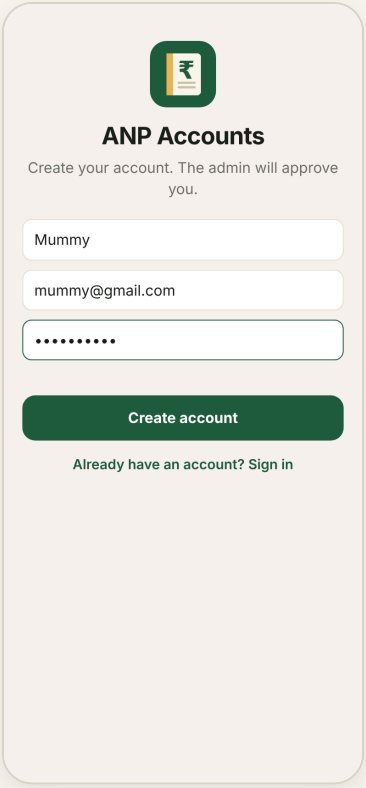

Android

1. Open the link in **Chrome**.
2. Tap ⋮ (three dots) at the top right.
3. Choose **Add to Home screen** or **Install app** → **Install**.

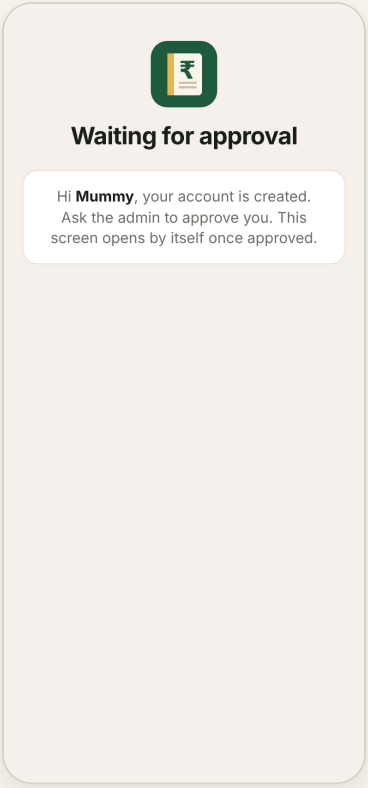

A green **ANP Accounts** icon now appears on your home screen. Always open the app from that icon.

2 Create your account

Each person makes their own account

Create account

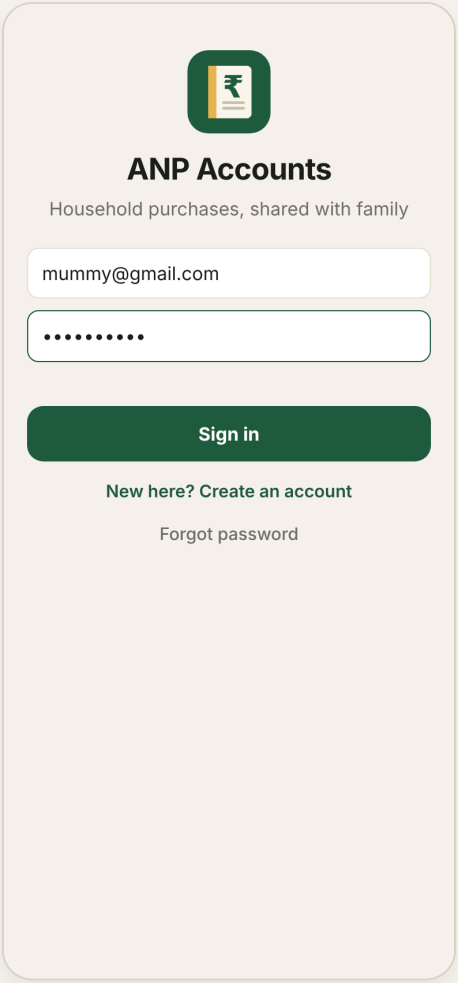

Waiting for approval

1. Tap **New here? Create an account**.
2. Enter your **name** (e.g. Mummy), **email** and a **password** (at least 6 characters).
3. Tap **Create account**.
4. You'll see **Waiting for approval**. Once Mrugraj approves you, the app opens by itself.

> Write your password down somewhere. If you forget it, tell Mrugraj.

2 Signing in next time

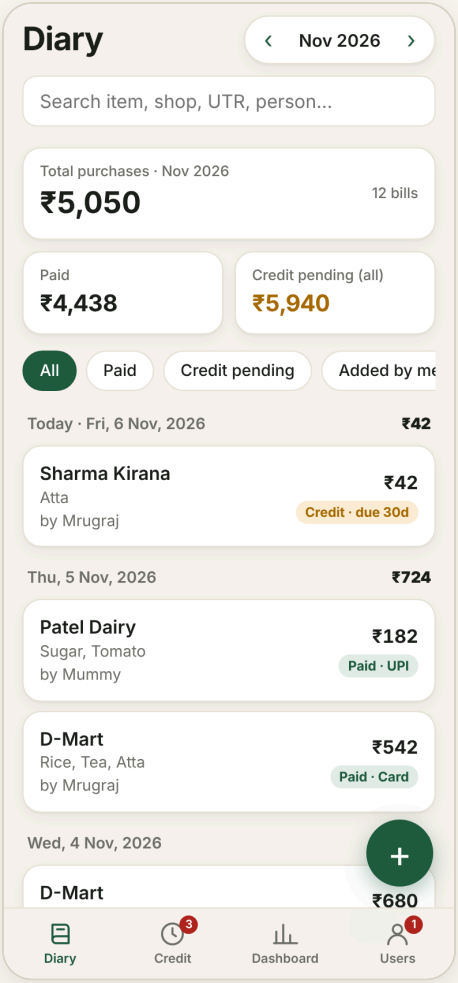

The app usually keeps you signed in

1. Open the app.
2. Type your **email** and **password**.
3. Tap **Sign in**.
4. Don't tap **Create an account** again. You only need one account.

3 The main screen – Diary

Everyone's bills show up here

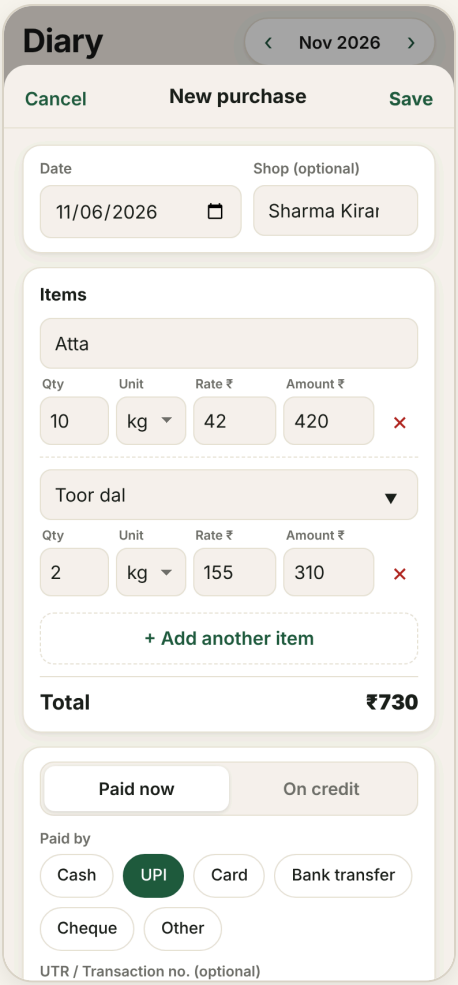

1. **Total purchases** = everything bought this month.
2. **Paid** = amount already paid.
3. **Credit pending** = credit still to be paid.
4. Use ‹ › to change the month.
5. Each bill shows the shop, items and **who added it**.
6. Search for an item, shop or UTR in the box at the top.
7. Green **+** button = add a new purchase.

Paid · UPI paid **Credit · due 30d** on credit **Overdue** past due date

4 Add a new purchase

One bill can have many items

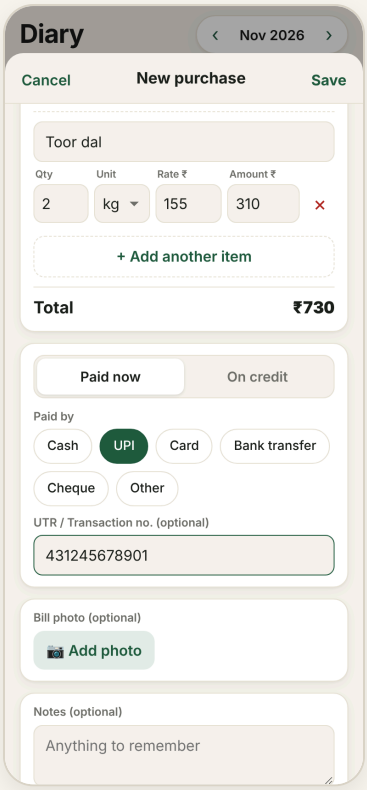

1. Tap the green **+**.
2. **Date**: today is filled in; change it if needed.
3. **Shop**: the shop name (optional).
4. **Item**: what you bought.
5. **Qty** quantity, **Unit** (kg, L, pcs…), **Rate ₹** price per unit.
6. **Amount** is calculated for you.
7. More items: **+ Add another item**. To remove one, tap the red **×**.

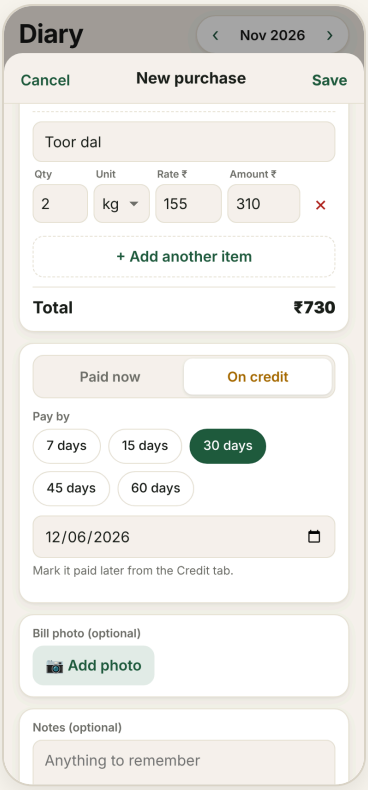

Only know the total? Type it straight into **Amount** and the rate is worked out. When you type an item again later, its last price fills in automatically.

5 Paid now or on credit?

Choose one of the two

Paid now

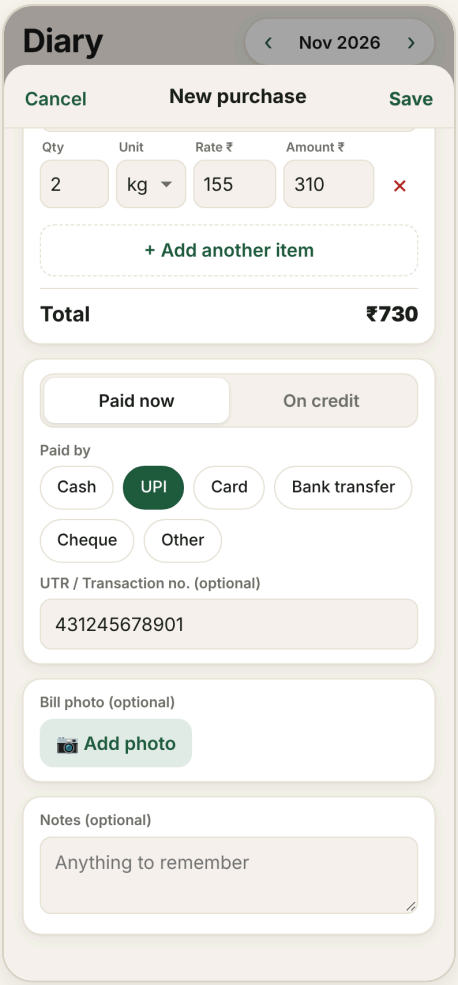

On credit

1. **Paid now**: you paid at the shop. Under **Paid by** pick Cash, UPI, Card, etc. For UPI or Card you can add the **UTR** number (optional; it's in your UPI app's payment details).
2. **On credit**: you took the items and will pay later. Under **Pay by** choose how many days (7, 15, **30**…) or pick a date.

6 Photo, notes and Save

Photo and notes are optional

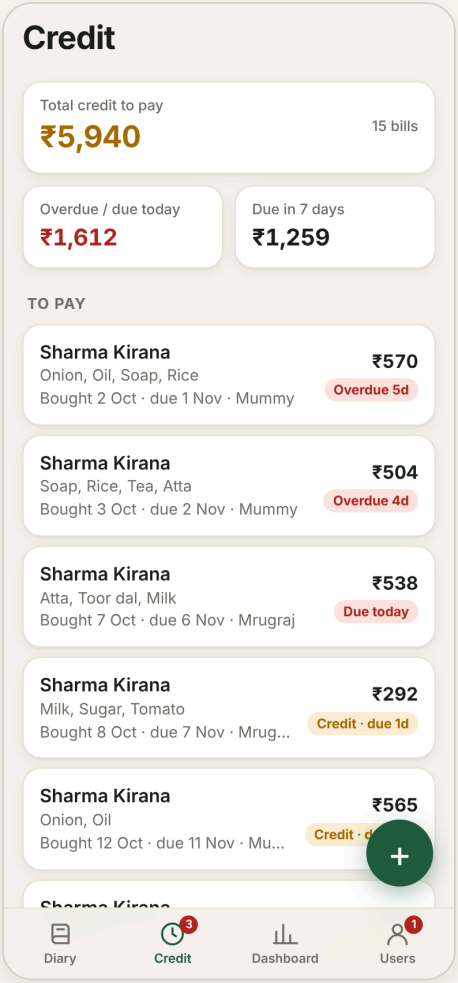

1. **Add photo**: take a photo of the bill or pick one from your gallery.
2. **Notes**: anything you want to remember.
3. Finally tap **Save** at the top right.
4. You'll see **Saved** at the bottom. The bill appears on everyone's phone.

No internet? Save anyway. You'll see **Offline** or **Syncing…** at the top, and it uploads by itself when you're back online.

7 Credit tab

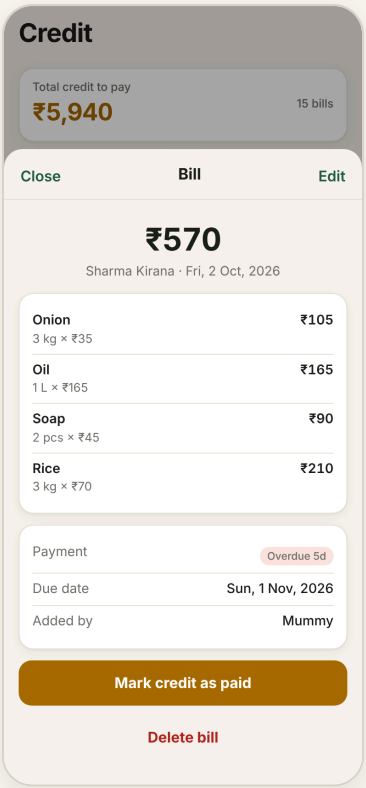

How much is still to be paid

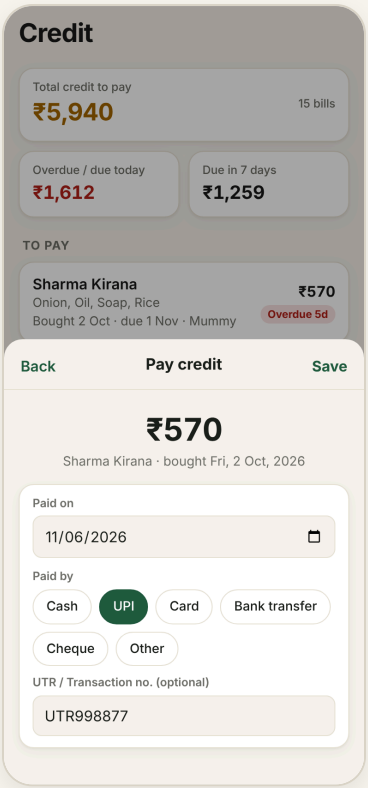

1. Tap the **Credit** tab at the bottom.
2. **Total credit to pay** = all credit still pending.
3. **Overdue / due today** = past the due date or due today (red).
4. **Due in 7 days** = due within the next week.
5. Bills due soonest are at the top.
6. A red number on the tab = bills that are overdue.

7 Paid a credit? Record it

Do this after you've paid the shop

Open the bill

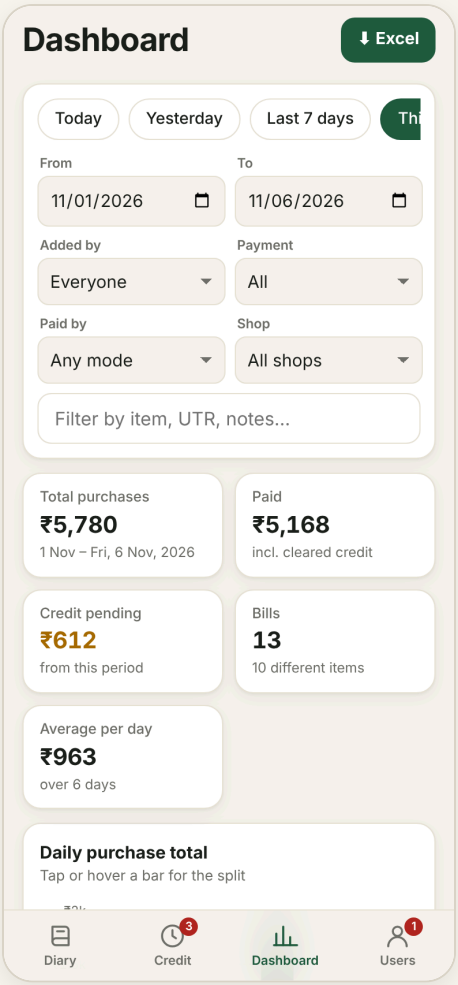

Payment details

1. Tap the bill, then the yellow **Mark credit as paid** button.
2. Fill in **Paid on** date, **Paid by** (Cash/UPI…) and the UTR → **Save**.
3. Made a mistake? Open the bill and tap **Undo payment**.

> To correct any bill, open it and tap **Edit** at the top right. To remove it, tap **Delete bill** (only the person who added it, or the admin).

8 Dashboard – see the accounts

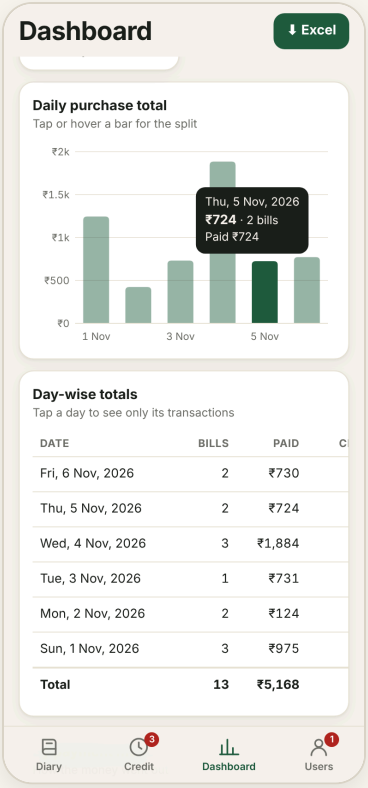

Spending by date

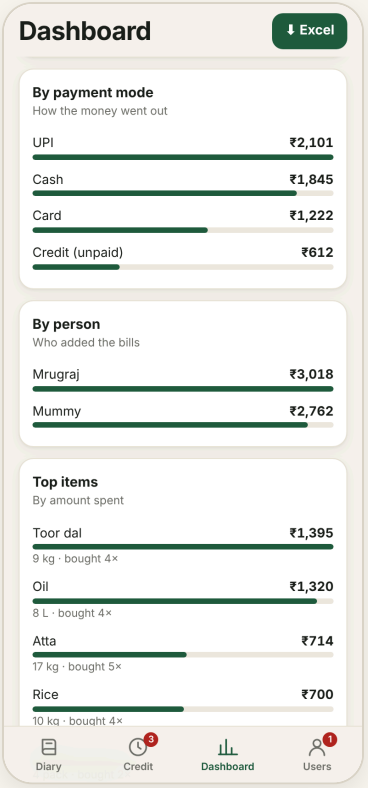

1. Tap the **Dashboard** tab at the bottom.
2. Pick a period: **Today**, **Yesterday**, **Last 7 days**, **This month** … or set **From** – **To** dates.
3. **Added by**: who added the bill.
4. **Payment**: paid or on credit.
5. **Paid by**: Cash, UPI…
6. **Shop**: which shop.
7. Below: total purchases, paid, credit pending and number of bills.

8 Daily spending and details

Scroll down on the Dashboard

Daily chart and day-wise totals

By mode, person, item

1. Each bar = one day's total purchases. Tap a bar to see the details.
2. In **Day-wise totals**, tap a date to see only that day's bills.
3. Further down: how it was paid, who added it, top items and shops.
4. At the end, **All transactions**: a list of every bill.

8 Download the Excel report

For checking the accounts (recon)

1. On the Dashboard, choose the dates and filters.
2. Tap the green **⬇ Excel** button at the top right.
3. On iPhone choose **Save to Files** or WhatsApp. On Android the file goes to **Downloads**.

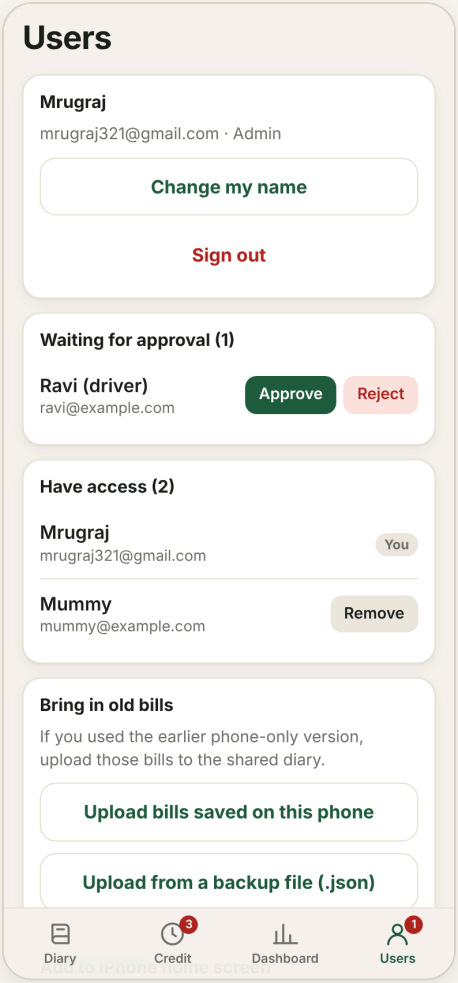

What's in the Excel file

- **Summary**: total spent, paid, credit.
- **Daily**: total for each day.
- **Bills**: every bill with payment mode and UTR.
- **Item lines**: each item with quantity and price.
- **Item summary**: how often each item was bought and for how much.
- **Payments**: payment date, amount, mode, UTR, to match against bank/UPI statements.
- **Credit pending**: credit still due, with due dates.

If a filter is on (for example only UPI), the Excel file includes only those bills too.

9 For the admin only

Approving new people

1. Tap the **Users** tab. A red number means someone is waiting.
2. Their name appears under **Waiting for approval**.
3. If you know them, tap **Approve**; if not, **Reject**.
4. To take away someone's access, tap **Remove**.
5. To change your own name, tap **Change my name**.

People who aren't approved can't see or add any bills.
